

Post Questionnaire – VR

Dear Student,

Thank you for participating in the lesson.

Purpose of the survey

This questionnaire aims to collect a set of metrics to evaluate the experience you just had.

All data collected will be treated anonymously, and at no point will it be possible to associate a specific response to an individual participant. For this reason, we kindly ask you to answer sincerely; only then will the research be able to yield meaningful and useful results.

Policy about Personal Data

Before starting collecting the information, it is necessary to agree with all the following statements:

1. I confirm that I have read and understood the information at the beginning of this questionnaire.
2. I understand that my participation is voluntary and that I can stop at any time without any penalty.
3. I understand that the anonymous data from this study will be used for research purposes.
4. I understand that my identity cannot be discovered from the data in this questionnaire.
5. I agree to take part in the study.

1. Do you agree with all the statements above? *

Contrassegna solo un ovale.

☐ Yes, I agree

Community Smells Quiz

This quiz is meant to check how well you understood the topics covered in the lesson.

Instructions:

- Read each question and the answer options carefully.
- For multiple choice questions, choose the answer you think is correct from the four options.
- For True/False questions, decide if the statement is true or false.
- Make sure to answer all the questions.

2. What is the Social Debt? *

Contrassegna solo un ovale.

- ☐ The financial cost of software development
- ☐ The additional costs of a software project resulting from unintended socio-technical anti-patterns
- ☐ The harm caused by the lack of social activities within a software community
- ☐ The lack of social interactions between the client and the development team

3. Which of the following statements best describes a socio-technical anti-pattern? *

Contrassegna solo un ovale.

- ☐ A design flaw in the software code
- ☐ Counterproductive behaviors within socio-technical systems.
- ☐ An efficient method of communication in a team
- ☐ A technical update to improve system performance

4. What are community smells? *

Contrassegna solo un ovale.

- ☐ The additional costs of a software project resulting from unforeseen and unmanaged socio-technical anti-patterns
- ☐ Indicators of inefficient and counterproductive communication and collaboration within a software community
- ☐ Individuals who are part of a software community but are not known to all members of the community
- ☐ Positive team dynamics

5. How do community smells differ from code smells? *

Contrassegna solo un ovale.

- ☐ Community smells are related to code quality, while code smells are related to team communication
- ☐ Community smells are socio-technical anti-patterns in the communication structure, while code smells are symptoms of poor code design
- ☐ Community smells are positive, while code smells are negative
- ☐ There is no difference between community smells and code smells

6. Which one is an example of a community smell? *

Contrassegna solo un ovale.

- ☐ Efficient team meetings
- ☐ Black Cloud
- ☐ High code quality
- ☐ Regular code reviews

7. Which statement about the management of Social Debt is true? *

Contrassegna solo un ovale.

- ☐ Social Debt can be ignored without consequence
- ☐ Measuring social aspects in a developer community is essential to control Social Debt
- ☐ Social Debt only affects a project's financial budget
- ☐ Social Debt is independent of socio-technical anti-patterns

8. What is the main difference between socio-technical anti-patterns and social anti-patterns *

Contrassegna solo un ovale.

- ☐ Socio-technical anti-patterns involve both social and technical interactions, while social anti-patterns involve only social behaviors
- ☐ Socio-technical anti-patterns are related to software code, while social anti-patterns are related to hardware problems
- ☐ Socio-technical anti-patterns are positive behaviors in a team, while social anti-patterns are negative behaviors
- ☐ There is no difference between socio-technical anti-patterns and social anti-patterns

9. What does the term 'Radio Silence' mean in the context of community smells? *

Contrassegna solo un ovale.

- ☐ Lack of physical presence in team meetings
- ☐ The scenario in which leaders and colleagues perform tasks in a formal and complex organization leading to inefficient communication and a communication bottleneck
- ☐ The practice of regular, clear and efficient communication within a team
- ☐ The scenario where there is a lack of code reviews and technical discussions in a project leading to poor product quality

10. True or False: Social Debt refers only to the financial costs of a software project. *

Contrassegna solo un ovale.

- ☐ True
☐ False

11. True or False: Socio-technical anti-patterns can lead to the accumulation of Social Debt. *

Contrassegna solo un ovale.

- ☐ True
☐ False

12. True or false: Community smells are always related to technical problems in the software code.

Contrassegna solo un ovale.

- ☐ True
☐ False

13. True or False: Addressing community smells can help mitigate Social Debt. *

Contrassegna solo un ovale.

- ☐ True
☐ False

14. True or False: Community smells can be represented using connected graphs *

Contrassegna solo un ovale.

- ☐ True
- ☐ False

Self-efficacy

Rate how much you agree with the following statements based on how confident you feel about the topics covered in the lesson. Use the following scale:

- Not true
- Slightly true
